Per our telephone conversation, this is my proposed agenda for an interview on September 14.

I would like to discuss with you that the read-write capability features are inherent in the claims of the above mentioned application, and that the reference (U.S. Patent 5,857,197) only discloses a read-only system for accessing a database, not the asset management system with read-write capability features disclosed and claimed in the above mentioned application.

Please let us know whether it will be possible to have an interview in the morning on September 14.
